

P3 Global Paramedic/Medical services support clients with remote medical staffing in the onshore, offshore, energy, marine, mining, tunneling, and industrial sectors. Combined with training, experience, diversity, and flexibility our paramedics are placed in a class of their own. We are proud to provide our customers with a highly skilled and experienced staff of multinational paramedics who take pride in what they do.

PROVIDER CREDENTIALING

Our skilled Paramedics operate under P3 Global's Medical Director and/or customer specific medical direction if better suited. Our medical director as practiced occupational medicine, servicing the oil and gas industry over the last 20 years. This gives P3 Paramedics a vast working knowledge of industry regulations such as OSHA, Jones Act, and Worker's Compensation. All P3 Medical Directors hold certifications in DOT Medical Examiner, Fit for Dive Medical Examiner, United Kingdom Oil and Gas Examiner, and Medical Reviewing Officer.

In addition to thorough and stringent HSE and OSHA regulation training and certifications P3 Paramedics also retain:

- NREMT-Paramedic and/or State Certification
- Advanced Cardiac Life Support (ACLS)
- Pre-Hospital Trauma Life Support (PHTLS)
- Advanced Medical Life Support (AMLS)
- Basic Life Support (BLS)
- Dive Medical Tech (DMT)
- Occu-Med
- Remote Medical Practices including (RSI)

MEDICAL CARE FOCUSED ON INCIDENT PREVENTION, QUALITY ASSURANCE, AND COST EFFICIENCY

Our paramedics and medical providers support your operations by integrating as a highly-functional member of your team and implementing a high standard of industry-recommended equipment, medical supplies, and customized clinics based on your needs. Mishandling a minor incident can escalate quickly and cause unnecessary loss of work, costly recordables and avoidable medical emergency flight evacuation costing companies substantial burden to their bottom line. Our paramedics have the experience and knowledge necessary to treat patients on-site whenever possible and to evacuate a case only when necessary. Ensuring your organization does not receive any paramedic led recordables from P3 Global Personnel, retaining your staff, our capabilities ensure the wellbeing of your personnel is protected. We work to increase offshore drilling and safety standards, reduce medical costs, enhance HSE performance and maximize personnel efficiency.

24/7 TELEMEDICINE SUPPORT

P3 Paramedics are supported by Telemedicine, which provides 24/7 medical direction by practicing, U.S. board-certified medical professionals.

MEDICAL KITS
